## BARON BLOWN UP

### BY WARSAW BOMB THROWERS.

Rajestnensky may try to dodge Togo and wait for Peace.—Started from Madagascar.

#### Bulletin Special.

Warsaw, March 27.—A bomb was thrown into the Praga police station where the men were assembling for duty. Six policemen were injured and the room was wrecked. Baron Von Nolken, chief of the Warsaw police, was telephoned for, and started for Praga in his carriage. The conspirators forced this and had a man stationed near the Governor's castle where the baron passed, who threw another bomb, fatally wounding the baron and injuring his attendant and coachman, and wrecking the carriage. One conspirator at the station was captured after shooting a policeman twice in the stomach. He himself was also wounded. Another man escaped after killing the pursuing policeman. A girl was wounded in the attack on the carriage. Total: One killed and eleven severely wounded. Von Nolken came from St. Petersburg and was heartily hated.

Praga is a suburb of Warsaw on the opposite bank of the Vistula.

#### Comprehensive Program.

##### Bulletin Special.

St. Petersburg, March 27.—The revolutionists have passed the sentence of death on 39 high personages, including the Czar, the Empress-Dowager and Grand Duke Alexieff. The labor situation is getting extremely grave here and word comes from all over Russia of armed uprisings and conflicts between the peasantry and police. Townsman and soldiers fire, pillage and outrage everywhere.

#### May dodge Togo.

##### Bulletin Special.

St. Petersburg, March 27.—Gen. Lievitch's army has made no move and interest is transferred to the impending conflict between Rajestnensky and Togo. Unconfirmed rumors of a meeting of the scouting vessels of both navies and of the sinking of two Russian battleships are declared an arrant invention. Rajestnensky will likely keep out of the way of the Japanese fleet pending peace negotiations. He has left Madagascar however.

#### Telegraphic Briefs.

Halifax, March 25.—The People's Bank of Halifax goes out of existence in a few days, negotiations having been completed for its absorption by the Bank of Montreal.

Winnipeg, March 25.—The Marlboros beat the Rowing Club 7 to 6 last night. At half time the score stood 6 to 0 in favor of the Marlboros.

F. D. McNaughton, C. E. of Cornwall, Ont., has been appointed deputy Minister of Public Works for Manitoba.

St. John, N.B., March 25.—In a head-on collision near here two were killed and two injured.

Washington, March 25.—Notice has been received of the decision of Newfoundland to revoke the privilege so long enjoyed by American fishermen to baiting and fishing in Newfoundland waters.

Nepawa, March 25.—The two-year-old son of Archibald McConachy was fatally turned in bed.

Montreal, March 25.—Hon. Lomer Gouin, the new premier, arrived tonight from the ancient capital. Regarding the extension of boundaries he said, "There is a territory which would fit onto Quebec exceedingly well; I suppose she will get her share."

## PRIEST FIRED AT

### THROUGH HIS STUDY WINDOW

A Priest of the Greek Church in Winnipeg the Victim of an Attempted Murder.

#### Bulletin Special.

Winnipeg, March 26th.—A sensational attempt at murder occurred here this morning. Rev. Father Blazowski of the Greek Church was fired at twice through the window of his study. The second shot smashed a lamp which exploded and at 2 a.m. the building burst into flames. The priest escaped with a severe shock to his system. He was not hit by either bullets. The brigade subdued the fire. No arrests have been made so far. Blazowski is on trial at the assizes this week for libelling a Roman Catholic priest, Father Crest-shel, also of this city.

#### Will Visit Denmark

##### Bulletin Special.

London, March 27th.—The King and Queen of England are going to Denmark to attend King Christian's birthday celebration. The Dowager Empress of Russia will be there and strong peace rumors are in the air consequently.

#### Pleasure Seekers Drowned.

##### Bulletin Special.

Rockledge, Fla., March 27.—Out of a pleasure party of five who capsized from a row boat, all but one were drowned.

#### Suicided on the Street.

##### Bulletin Special.

Winnipeg, March 26.—Sam Woodcott, a machinist, committed suicide in the street tonight by taking poison. He dropped dead immediately.

#### Immigration Matters.

##### Bulletin Special.

Winnipeg, March 27.—Immigration Commissioner Smith has returned from England. He says the department is refusing foreigners and encouraging a fine strong British class of immigrants who are coming in large numbers this season.

New York, March 27.—Twenty-three thousand immigrants arrived last week and twenty-three thousand are coming this week.

Quebec, March 27.—One thousand and forty immigrants sailed for America today. An immense number is expected to leave this season.

#### Fatal Land Slides.

##### Bulletin Special.

Sandlin, Hungary, March 26.—A squadron of soldiers went to rescue a woman buried under a landslide. Another slide occurred and eight were killed and nineteen injured.

## GENERAL KUROPATKIN.

As vultures flock to a carcass so do critics swarm about the wreck of a military career. The dangers of the soldiers life are not all faced on the field of battle. These are the open risks of the game, undertaken with deliberation and accepted as the fortunes of war. But behind the chances of battle stalk a horde of subtle foes seeking whom they may devour. They are the men behind the pens who will analyze the case, exaggerate the errors and aggravate the millions of taxpayers on whom the burden falls. They are the spectres which haunt the dreams of the general and once he slips the spectres and the dreams are transformed into merciless and awful realities.

The invention of letters and the emancipation of the press have been undoubted, but not unmixed, blessings, from the view-point of the commander at least. What happens on the field yesterday is read, commented on, misunderstood and distorted today by every aspiring sage, contemporary and rival on earth, or if not, it is not the fault of the press. The danger of a man half way round the earth confronting a multitude of details and perplexities, which are not and cannot be known by the public at home, are discussed and criticized more fully and more freely than they could or would be if these sidelights cast their odors on the general scene.

It is not strange therefore that the disaster which has overtaken the arms of Russia should be made the excuse for supplanting General Kuropatkin in the favor of the Czar and for the wholesale criticism of the beaten commander by all Christendom.

Wellington, Napoleon, Alexander the Great, Julius Caesar,—not a man of them but would have been "re-called" at some stage of his career if the modern press had been in operation in his day. The general result may be for the good of the world but, like most general results, somebody has to suffer.

Making every allowance, however, for the respect due to a fallen dignitary the career of General Kuropatkin in the East has done little to merit either the enthusiastic applause which belongs to an aggressive leader or the sympathetic admiration which goes out to a heroic and capable commander who has been ruined by circumstances.

When he assumed command of the Russian forces in the East, General Kuropatkin created a decidedly mistrustful opinion of himself abroad by announcing his intentions of amassing an enormous army in Manchuria, sweeping across Korea, driving the Japs into the sea, invading Japan and concluding peace in Tokio. The world had heard this terrible kind of prophecy on a former occasion, and the prophet had failed to eat his Christmas dinner on the prescribed spot. The world, therefore, refused to abandon all hopes and faith in the odds and power of Japan. Nor did the vigorous propaganda appear to have a damaging effect on the Japs themselves. In reply they said nothing, but kept the transports busy.

The efforts of the general to make good his promises have been uniformly consistent with Russian military precedent, but it can scarcely be contended, of a nature likely to speedily accomplish his commendable purposes. Whatever may be the general theory of war, the incident on which his fate has been founded is quite apparent. Russia once defeated Napoleon by withdrawing from Moscow in the midst of winter and allowing the rigors of the climate and the scarcity of food to do the rest. That the plan worked out as it did has been credited and perhaps justly, has to design than to good fortune. But Kuropatkin thought otherwise, took the ancient as a precedent, and began a series of "successful retreats," always harassing men and always threatening to sweep down upon the enemy. But the Japs had heard of that Napoleonic incident too, and instead of relying on the richness of the country, they built railways to bring in the food supply and began massing troops in keeping with the requirements of Kuropatkin. Whenever they fought they won, and when they won they moved northward a stage and camped till the railway was repaired and the commissary trains came up. Then they fought again and won in the same way. When the fall of Port Arthur gave them the advantage of numbers, they concluded the time for business had come and went what ought to be the grand finale.

What Kuropatkin failed to note was that a trick will not always work out the same way and that one cannot keep "successfully retreating" forever.

## NOTICE.

The Public are hereby notified that it is the intention of the City Council to supply Electric Light and Power to those who require the same. If the demand is found to be great enough to justify the Council in making the extra expenditure they intend to commence day operation on the 1st day of June next.

Those requiring either power or light should make application for same at once at the City Hall.

By Order,  
The City Commissioners,  
dy 66-71 chg.

## Ross Bros. Ltd

EDMONTON, ALTA.,

ARE THE SOLE AGENTS FOR THE CELEBRATED

Peters  
Double Cylinder  
Force Pump

The annexed cut (Fig 60) represents our Double Cylinder Force Pump. This is positively the easiest working and most durable pump on the market. Its capacity is far greater than any other pump; and for a stock pump it has no equal. This pump is constructed with two solid brass cylinders and, each one working independently, discharge their full capacity at every upward and downward stroke of the handle; therefore our pump will discharge twice as much water as any other pump, with about the amount of labor. Its ease in operating is based on the fact that it has two rods, one on each side of the pipe, and the one balancing the other, overcomes all the hard labor of pumping water. A four-year-old child can easily operate the pump at a depth of 50 feet.

Its durability is far superior to any other pump for the following reasons:

1. It has solid brass cylinders which do not wear out the leathers.
2. The cylinders being at the bottom of the well never lose their priming neither rust nor wear.
3. It has chilled valve seats which
4. The leather used for plungers and check valves is the very best obtainable.
5. It has no stuffing boxes.
6. The cylinders are stationary, working nothing but the plunger holes.
7. It having double the capacity of any other pump, requires but half the labor.
8. The pipes and rods used are all galvanized.

The Capacity of these Pumps are as follows.

3 1/2 in. Double Cylinder	- - -	1300 Gallons per hour
3 in. " "	- - -	1000 " "
2 1/2 in. " "	- - -	700 " "

In price they compare favorably with many of the cheaper and more inferior pumps sold. They are not a new thing or an experiment as we sold a large number last season and in every instance they gave perfect satisfaction.

## Building Hardware

Of every description. We carry the largest stock, best assorted and our PRICES ARE LOWER than any other firm west of Winnipeg. We solicit assorting orders from the trade which will be filled promptly and at lowest prices.

## Ross Bros. Ltd

## LOCATING THE BOUNDARY.

A growing disposition to relinquish the detail work of the city government into the hands of the commissioners has been apparent at recent meetings of the city council. The Board of Commissioners is now complete and the Aldermen appear disposed to clear themselves from the routine of business which occupies time and delays progress at nearly every meeting. No clearly defined boundary has yet been drawn by law or fact between the "legislative" duties of the council and the executive powers of the commissioners. Many of the Aldermen have said that they do not clearly understand how far the jurisdiction of the Commissioners goes and between what is commonly acknowledged business requiring Aldermanic consideration and that which may, without breach of the spirit of the charter, be left for disposal by the Commissioners lies an unexplored territory upon which the council is now progressing by easy stages and fixing mile posts of precedent to delineate the sphere of duty of the respective bodies. With the Commissioners it is a case of "freedom slowly brooding down from precedent to precedent."

The bounds not having been fixed, in the judgement of the Aldermen at least, by the charter the ordinary course would have been to fix these arbitrarily and clearly at an early meeting of the new council. But to define the duties of the Commissioners it was claimed was beyond the jurisdiction of the council. The charter it was thought conferred upon these executive officials certain powers which the council could not limit and just what those powers were and how far they extended the Aldermen were not prepared to say off hand. Could this have been done the municipal machinery would have been got into full operation sooner but perhaps it is more in keeping with the historic evolution of British government to allow the rule to grow out of custom rather than originate in a resolution.

One of the questions on which the council remain yet in the dark is how to get rid of the inconsequential correspondence which cumbers their efforts at every meeting. The prescribed hours of regular meetings are from 8 p.m. to 11 p.m. and only by the suspension of a set of rules can a session be protracted from one to two hours at every session are occupied in listening to letters. Of these a large number are invariably of so little importance that a motion that they be filed covers the case, while fully two-thirds could be answered by the Commissioners without endangering the city's welfare or encroaching on the time of the council. But how to select that two-thirds without having the whole budget read is the stickler. The council is not prepared to appoint a censor to select which of the communications are of sufficient importance to come before the council and which may safely be entrusted to a city official. It is perhaps well that this is so as circumstances might arise when the suppression of a letter, the withholding of information contained therein or an erroneous answer thereto might seriously interfere with the purely "legislative" functions of the council. The letter basket is the channel of communication between the elective body and the public and any interference with it by an appointed official would not be taken kindly. Hence while the council chafe at the waste of time no satisfactory means of avoiding it has been found to the present.

## BECAUSE PROPERLY CURED.

Y Pharaohs have been called a "Health cigar" and this is why: Every leaf of tobacco I work into Pharaoh is absolutely free of "gum."

You must know that a "gummy" tobacco will make a poor smoke and act injuriously on the throat and stomach. The gum, dissolved by the heat of combustion, is drawn into the mouth—becomes mixed with the saliva and finally reaches the stomach.

The membrane that lines your throat and stomach is pretty tough—but it won't stand the harsh, irritating action of this dissolved gum.

You'll have sore throat if you smoke the "gum" cigar—you'll have heartburn, indigestion, and a disagreeable taste in your mouth from an injured stomach.

With every particle of gum properly "sweated," cured and aged out of the leaf I use as filler for my Pharaoh, I can guarantee you a pure, cool, sweet, fragrant smoke—free from disagreeable tastes and injurious actions on the inner man.

## Steamers Collided.

### Bulletin Special.

Halifax, March 27.—The Allan liner *Parisian* and the Hamburg liner *Albano*, collided off this port yesterday. Both steamers reached dock without loss of life. The *Parisian* had 800 passengers and the *Albano* 150. Each had a close call. The *Parisian* has a great rent abaft, and the after hold is full of water. The *Albano's* forehold is in the same condition.

## An Indiana Blaze.

### Bulletin Special.

Carbon, Ind., March 27.—Fire destroyed twenty business houses and forty residences here. Loss \$200,000.

## WARWICK.

Warwick, March 15.—The attendance of pupils at the Warwick public school this winter has been the largest in the history of the school. The classes range from Standard 1 to Standard VI.

Rev. Mr. Rae, Presbyterian missionary, preached in the Warwick school house last Sunday afternoon. At the close of the service Mr. Rae stated that he had spent seven years in missionary work in the west, and rather than return to the east and look for a call he had decided to sever his connection with the ministry and remain in the west. Mr. Rae has opened a law and real estate office at Vegreville, the metropolis of the Vermillion valley.

Rev. Mr. Argue is making pastoral visits in Warwick this week.

The Presbyterians have changed their bi-weekly service held at 3 p. m. to a monthly service to be held in the school house at 11 a. m. The Rev. Mr. Gould will take the place of Mr. Rae.

On the evening of the 14th inst. the Y. P. S. of C. E. gave a social at the residence of Mr. Wm. Woods. The young people and friends had a very pleasant evening.

The Commonwealth Trading Co., Ltd., are building a large warehouse on the west side of their store. This company has recently shipped in from Edmonton a number of wagons and a large quantity of machinery, flour and general merchandise.

Mr. Fred Fady and son Willie, of Wetaskiwin, have arrived and intend to live on their homesteads this summer.

Mr. Diehl, contractor and builder of Wetaskiwin, is about to move out and reside on his farm in Warwick.

Mr. Diehl intends to put up a fine residence this summer.

Some thirty miles of this place, Lun's portable mill has been sawing lumber. About 300,000 feet has been cut. A large quantity of this lumber has passed through Warwick on the way to Vegreville, a distance from the mill of 45 miles. The settler has to go to the mill, get out logs, get them sawed and draw his lumber home. A little reflection will lead us to the conclusion that the pioneer has no easy task in the improvement of his claim.

## AN OLD TIMER GONE.

The many friends of Mr. Philip Tate will be sorry to hear of his death last night at 10 o'clock. Mr. Tate has been sick for the past three months and although everything was done that medical knowledge could suggest, his recovery was despaired of from the very first. The funeral takes place from his residence, Tenth street west.

At Edmonton on Sunday, March 26th, 1905, Philip Tate, aged 71 years. At Independence on Saturday, March 18th, Miss Mary McCauley, aged 17 years.

# Sunlight Soap

In some districts it is hard to secure soft water for wash day. When you use

you don't require soft water, it washes equally well with hard water. It frees the dirt from the clothes without scrubbing or boiling. Try Sunlight. Your grocer will refund your money for any cause of complaint.

Lever Brothers Limited,  
Toronto.

## The Evils of Imitation.

Success breeds imitation.

Let a clever designer create a new hat or shoe or coat—and it is copied by every petty maker in the country.

Fit-Reform styles, Fit-Reform garments, Fit-Reform Wardrobes, are imitated. And the imitators' sole claim to popularity is that the imitations are "just as good" as Fit-Reform. NEVER BETTER—only "just as good."

Fit-Reform originates and creates styles—garments—methods.

# Fit-Reform

Only one Fit-Reform Wardrobe in this city

Cheques will be returned to unsuccessful tenders.

WILSON & HODGSON,  
Architects, etc.,  
Calgary, N. W. T.  
dy 65-76 chg.

## APPLICATION TO PARLIAMENT.

Notice is hereby given that application will be made to the Parliament of Canada at its present session for an Act to extend the time for the commencement and completion of the undertaking of The Canada Central Railway Company.  
Dated at Saint John, Ontario, 2nd March, 1905.

HENRY C. HAMILTON,  
Collector for Applicants.  
dy 66 tf.

Father Legendre went south to-day.

Ala. May left for Ottawa today.

Peter Lamit, trader, from Lesser Slave Lake is at the Queens.

Ins. Shaw came up from the Fort yesterday.

J. McIntosh, of Vegreville, is in the city.

E. W. Mathers is expected to return from the coast tomorrow.

Dr. Goodwin of Vegreville was in the city this morning.

A. R. Soobie came in from the south on Saturday.

Geo. McManus of Wetaskiwin spent Sunday in the city.

Father Dennis returned to McLeod to-day.

Father Lemarshand returned to Calgary to-day.

W. A. M. Say, of the C. P. R. service, went south today.

John Tait, Superintendent of C.P.R. telegraphs, Winnipeg, is in the city.

Dr. Himey has been appointed Medical officer for the Edmonton Indian Agency.

Rev. C. A. Myers of Toronto preached in the Presbyterian church last evening.

Rev. E. J. Hodgins, of Nainao, preached in Grace church yesterday morning and evening.

Mrs. William Sugarman will receive on Wednesday afternoon, March 29 and afterwards on the first and last Wednesdays of each month.

Messrs. C. S. Hough and son and D. J. Norman, of north of Independence, were in town over Sunday, preparing for seeding. The streams on the way in were all open and the roads good.

W. H. Durdle and J. E. Vannetier, have just returned to town after putting up houses on their homesteads at Independence.

## THE CASE SETTLED.

[Contributed]

The law suit between Frank Grey vs. Edmonton Union No. 1325, of the United Brotherhood of Carpenters and Joiners of America, which has been watched with close interest by organized labor in this city, has been settled in favor of the carpenters. The carpenters are jubilant over this favorable decision and in the future as in the past, they will endeavor to use every honorable means to settle any difficulty that may arise between employer and employee.

## STAR.

Star, March 22—Professor Ridell took charge of the services in the Methodist church on Sabbath last. An unusually large crowd gathered to listen to a most earnest and helpful discourse.

Dr. A. E. Archer is, we are glad to say, so far recovered from his illness as to be about again. Dr. Donald of the Fort and Dr. Rush of Vegreville looked after his patients during his illness.

Dr. Goodwin, dentist, Vegreville, paid our burgh a professional visit last week.

A. E. Holmes has sold his farm near Star to Mr. Marakle, Barrie, for a sum.

S. Campbell moved to his homestead at Bloomfield this week.

Some farmers have their wheat sowed.

The infant daughter of Mr. and Mrs. Jas. Hackett is very ill with pneumonia.

J. K. Smith attended the E. L. convention at Edmonton last week.

Mr. Hoper Allison of Edmonton was in this neighborhood this week.

Miss Ferguson, teacher of Creekford school visited our teacher, Mrs. McLellan last Saturday.

## Hello!Hello

HERE WE ARE AGAIN.

"I say, old man, that Woe Store is a blinking place to buy your fruit and tobacco at."

"I was up there this morning, and I'm bluffed if I didn't get more there for ten cents than I could get any place else for fifty. I'll eat my hat."

"Half a mo', then, old chap, and we'll go up and get some good cigars."

## THE WEE STORE

For Fruit, Confectionary,  
and Tobacco.

## WANTED.

GOOD AGENTS FOR THE  
Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the **OLIVER** is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

APPLY TO THE  
**CANADIAN OLIVER  
TYPEWRITER CO.,**

183A T. JAMES STREET,  
MONTREAL.

We Carry the Largest Exclusive Stock of Imported  
and Domestic

**WALL PAPERS AND DECORATIONS**

In the North-West. We also do

**PAINTING AND PAPER HANGING.**

COME IN AND SEE US

**A. W. Cameron,**

One Door West Bank of Commerce, Jasper Ave.

## CHEAP FARM LANDS

Out of 5000 acres of carefully selected land, you have now an opportunity to purchase 2500 acres of choice farm land at exceedingly low prices. These lands are nearly all close to surveyed lines of railroads and some in the immediate vicinity of proposed railway stations. This offer will be for

**ONE WEEK ONLY**

and is probably the last chance to buy cheap land in Northern Alberta. For any one looking for a gilt edge investment with every prospect of a big increase in value in the near future, this is a golden opportunity. For particulars apply to Shert, Cross, Biggar & Ewing, or the owner

**DR. A. A. McINTYRE, Alberta Hotel**

## TO ADVERTISERS.

Is the Paper of the City. Everybody reads it.

Advertise in **THE DAILY** and you reach all within the  
City limit every day, besides a good many elsewhere.

## THE HOG QUESTION.

The lecture on hogs given by Mr. C. M. Maclean in Robertson's Hall on the 22nd inst., was good, and forcibly and intelligently put to the meeting.

He stated that Danish side bacon came first on the British market and Canadian second, also a great many other useful facts. While this is very encouraging, still it is not enough, and the reason, Mr. Editor, I write this letter is that I see that it within our reach to go one better than Denmark on bacon. If the odd and even outfit of pigs that we raise in this country in a happy-go-lucky kind of way, comes second in the world's market, what would they be if properly fed and bred? And both feeding and breeding is within our reach. This is our duty as farmers, and we have nobody to growl at if we don't look after this point of our business. When we have the right class of hogs we can get the right price for such hogs, and such hogs are wanted. If we have not the right class of hogs, the buyer goes on to the next in the hope of getting what he is after, and leaves the poor stuff on the producer's hands. Then begins the growing about debts to meet and no market.

Now, Mr. Editor, any farmer with a reasonable amount of sense, knows that if we are known to raise hogs of the right quality in Northern Alberta, we will not want for buyers and it will be encouragement to men with capital to put a bacon curing establishment of the right sort in Northern Alberta and make a steady market.

The process is first: The farmer is to breed the bacon type of hogs. Tamworths, Yorkshires, Berkshires—feed the same properly with the end in view to keep the standard of excellence up. Upon that depends the keen demand for our stuff. Then, having proven that we are alive to the raising of what is needed, we will not be long until we have the right kind of bacon curing establishments, and our produce will leave the country and the market will not be glutted as it has been this winter.

Now, Mr. Editor, it has been said we are going to live on the front street very soon. Well, if that is so, I have no objections. But those who live on front streets are a wide-

awake class of people. I hope that we shall become alive to what makes us prosperous, and when people drive along the front street, they shall see prosperity. All this has come about by the proper breeding and feeding by the farmer of the bacon type of hogs.

LARUE & PICARD.  
The Maple Leaf Store.

PHONE 47

I ALWAYS select the tobacco leaves that grow about the middle of the stalk. I find this leaf as filler in my Pharaoh is best because it is perfectly and uniformly ripened

and contains just enough gum to sweat properly and so promote the proper curing. The top leaves of the plant I reject—they are too tender and gummy and contain so much of the rancid bitterness of the tobacco that it would take me five years to sweat them out properly—even then they would not be satisfactory. Then I see that the immature—torn—broken and injured leaves are discarded. The filler of my Pharaoh contains only clear—well nurtured—well matured—well cured leaves—the select of each year's Cuban crop.

J. BRUCE PAYNE, Limited, Granby, P.Q.

Held together by the Connecticut brand and wrapped in a flawless Sumatra wrapper I import direct from Holland—the best tobacco money can buy—that's why my Pharaoh is so good.—J.B.P.

## Prosperity and Progress

The volume of business transacted by the Mutual Life of Canada during 1904 exceeds that of any previous year. Over Five Million Dollars of new business was written, making the total Assurances now in force nearly Forty and a Half Millions of Dollars. All but Thirty Thousand Dollars of the new business was written within the Dominion. The Mutual Life of Canada is essentially a Canadian Company, and believes that good Canadian business is preferable to foreign business, which is secured at excessive cost and is often of poor quality. Good home business, and lots of it, means more profits to Canadian policy holders.

All Work Guaranteed.

### CANADA PERMANENT MORTGAGE CORPORATION

The annual meeting of this Corporation was held in Toronto on February 7th. The year 1904 is the 50th anniversary of The Canada Permanent Loan & Savings Company (formed in 1855) one of the companies which comprised the above corporation.

The net earnings for the year, with the amount carried forward from the previous year, amounted to \$671,015.56, out of which two half yearly dividends at the rate of 6 per cent per annum were paid, the handsome sum of \$250,000 carried to the Reserve Fund, which now reaches \$2,000,000, and \$63,934.45 remaining at credit of Profit and Loss account. The total assets now reach \$2,122,957.71.

In moving the adoption of the Director's Report, the Chairman, Mr. J. Herbert Mazon, who has been connected with, and held a controlling position in the "Canada Permanent" since its inception, in concluding his remarks, stated: "We present our 50th anniversary, one of the best statements we have ever had." The Vice-president, Mr. W. H. Beatty, in seconding the adoption of the report, amongst other remarks, and commenting on the condition of affairs in Canada generally, stated: "The prosperity of the whole Dominion never was as great as it has been during the past year, and I would like to say here, that there is no country, let it be where it will, that the sun shines on, in which the general well-being of the people is as good as it is in Canada. No poor, no distress, and every man willing to work; can get employment, and at remunerative wages."

The Branch of the Corporation for the district of Alberta, established in Edmonton some three years ago, is doing a satisfactory and constantly increasing business.

### PUNISHING OFFENDERS

For some time W. A. A. Foy, special agent of the C. P. R., has been investigating a number of offences reported from the towns along the C. & E. line. The efforts have resulted in a number of convictions which should have a deterrent effect on the evil-disposed in future. On the 22nd, nine cases were tried in Ponoka, and the same number of offenders sentenced to varying terms of punishment. On Friday last Nels Don of Wetaskiwin, was sentenced to two years for breaking into a car and stealing whisky. Albert Wenden, an accomplice, was let off on suspended sentence. The third party in the charge was sentenced to two years at a former sittings of the court.

## We Paid \$100,000

For Ligozone, Yet We Give You a 50c. Bottle Free.

We paid \$100,000 for the American rights to Ligozone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

#### Kills Inside Germs.

Ligozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

The reason is that germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Ligozone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

#### Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

## EDMONTON ALTA. CANADA

POPULATION, 7,500

## CITY GOVERNMENT:—

Mayor, K. W. MacKenzie: Aldermen, C. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. R. Boyle, T. Bellamy, J. H. Picard, W. A. Griesbach.

Conveniences:—Waterworks, sewer systems, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, J. H. Morris, Secretary, F. F. Tims.

Immigration Officer:—C. W. Sutter.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 11.50.

## LOCAL

—Train on time.

—Probe-Fair and somewhat colder to-day and Tuesday.

—The Sturgeon River at St. Albert is clear of ice.

—There will be a meeting of those interested in football at the Windsor Hotel Wednesday evening.

—H. W. B. Douglas has been appointed agent for the Doherty organ.

—An extra coach filled with immigrants was attached to Saturday's train.

—On Saturday night the Winnipeg Rowing Club defeated the Marlborough in the final game by 7 to 3, playing in deep pools of water.

—Traffic to Fort Saskatchewan is being carried on via Clover Bar, the crossing at Fort being in an insecure condition.

—The engagement is announced of Miss Margaret Christina Richardson, of Edmonton, and Mr. Wm. Edgar Acton, formerly of this city.

—A meeting of the council of Local Improvement District No. 27, S. 4, will be held in the fire hall, Edmonton, at 3 p.m.

—Mr. Vernon Barford's monthly pupils' recital, which was to have been given this evening has been postponed until tomorrow.

—It is reported on the street today that J. Summerville has purchased Mrs. McCauley's house, and lot at the corner of McDougall and May streets.

—The new maternity hospital building was begun last week. The building will be of brick 50x100 feet and will occupy the blocks bounded by 11th and 12th streets and McKay and Hardisty avenues.

—Calgary Herald: The train for the north was delayed in leaving this morning, owing to the late arrival of the last section of No. 1, and the heavy travel going up. G. O. Swanson, the energetic government agent, had a party of 140 new settlers from the states. G. H. Brooks had a party from Nebraska numbering about 50, who will settle north.

—Calgary Herald: A re-arrangement of the dates of the Inter-vesting Exhibition was decided upon at a meeting of the directors yesterday, in order to work in better with other western fairs. July 5, 6, and 7 are the new dates, and will accommodate horsemen who will race at Winnipeg, and the stockmen who will take some of the Calgary district's famous prize winners east.

—J. S. Dennis, assistant to the Second Vice-President, and R. R. Jamieson, general superintendent of the western lines of the C. P. R., returned to Calgary last week from a trip south and east, and while absent transacted much business of importance to several of the towns visited. The old grievance of Macleod regarding the absence of railway facilities into that town, has finally been settled. The station was about two miles away from the town site, but now the Crow's Nest road is to be run into the town. Lethbridge is to be made a terminus for both passengers and freight for the Crow's Nest. The company propose to erect their new station at the Hat on the north side of the track.

—Calgary Herald:—The Grand Trunk Pacific party, headed by F. W. Morse, vice president and general manager, arrived from the north last night, where they have been arranging final details with Edmonton. The few points of difference arising between the company and the northern towns have been adjusted and Mr. Morse and the people of Edmonton are entirely satisfied at the arrangements. The Edmontonians were promised the railway as soon as possible, and work on the shops will commence this year. The main line work will be pushed forward but the location of the western terminus was not given out yet, although it had been decided upon. Calgary's position appeared very strongly to the railway men, and one of the first branches they undertake will be to tap the flourishing Calgary district.
